Cloud Application Monitoring Signal Tower

Connects directly to Azure cloud services without external devices or gateways

Microsoft
Azure

Certified

NHP-3FV2W

NHL-3FV2W

Effortless Device Setup

The digital inputs on the NH-FV allows users to link devices not compatible with the cloud. The Azure Device Template allows users to easily configure user-specific parameters and other properties of the NH-FV.

Reliable and Accessible

The Azure IoT Central is a highly secure platform that enables remote device management and data collection.
